

Please create a program that displays following animal figure onto the console:

```
      '  '
      (©©)
    /=====\  
  /  | |  αα  | |  
*  | |-----| |  
    ¥¥      ¥¥  
    ""      ""
```

The list of Unicode values for the characters that are not present on standard keyboard is below:

© - \u00a9

α - \u00a4

¥ - \u00a5
